Pink Lift Silicone Prosthesis

Our Pink Lift prostheses are made from pure medical grade silicone. They offer a realistic touch and movement. The silicone gel we have used is designed also to go into a freezer or refrigerator for a cooling sensation. High texture PU film to give nature movement and not to create heat on the skin. They can be sold individually or as a pair. They are sized to match your cup size.

Size A left or right: $80 Pair:$150
