RIKON[®]
QUARTZ

AN ISO 9001:2015 CERTIFIED COMPANY

Rikon- An Indian Success Story

Rikon started manufacturing activities in early 1985 as a family-owned company named Raj Clock Industries. That was the era of conventional manual winding clocks. Seeing the bright prospects for quartz clocks, we moved quickly in to the direction of producing quartz clocks with attractive designs and wide range of models with aimed to provide the best quality products in markets.

The year 1992, We have established large factory spanning over 50000 sq.ft. near Sanala village on the Rajkot-Morbi highway and finally, in the year 2007 we took a huge leap, turning our self into a sizeable company, the name now changed to RIKON CLOCK MFG. COMPANY with the establishment of an all new factory spread over 100,000 sq.ft. construction area and 500,000 sq.ft land near Lajai village. Here the company installed ultra modern machinery and a highly suitable infrastructure to take care of the quality control aspect of each and every parts of the product. We have a strong reputation for providing high quality and innovative products.

The company's success has been build on four enduring values: Quality, Innovation, Service and absolute Reliability. We work to inspire our customers with our ideas and our passion, Today we have gained the undisputed leadership position in the clocks industries worldwide with presence over 20 countries. The company also obtain a certification of ISO 9001:2015 for its quality management. Today Rikon is known for its quality and innovative products in the global export market.

Quality

Superior value and commitment to quality are the hallmarks of our culture at rikon clocks. for over several years of period, our quality objectives are well defined and operated smoothly as we have adopted a strategically designed quality management policy at our company. right from raw material to dispatch of finished products, our experts throughly test each and every product against various recognized quality norms.

Innovation

The Right Balance Of Continuity And Innovation Generates Trust In The Rikon Brand. We Offer Timely, High-value Products For Today's Trends, At The Same Time, We Review And Improve Existing Products Ready For The Future. Driving Innovation Is Our Capacity For Looking At Things From New Angles.we have successfully played the role of an industry innovator introducing technologically advanced products.

Reliability

Quality, Innovation, Closeness To Customer-they're Nothing Without Reliability Encompasses The Durability Of Our Products And The Reliability Of Rikon People-each And Every One Of Us. The Solid Basis For Reliability Is Robust And Stable Processes. we deliver our products on-time, provide customized services and listen closely to your needs so that the ultimate products can be offered in the best way possible
