Sept. 28, 2020

As a magazine publisher I'm always on the lookout for exceptional vehicles that our readers would be interested in. Over the last twelve years Frank Dias' restorations have graced dozens of pages numerous times in several Adrenaline publications.

It's Frank's attention to detail and his perseverance of excellence that draws me to his shop. The workmanship that his crew delivers never disappoints and as a result it brings our readers back to the newsstand time and again.

Michael Hozjan
