

COVID-19 Policies

We appreciate your understanding as we implement new policies to help us maintain a safe working and training environment for our employees and our students.

The following applies to all class attendees and class instructors until otherwise noted:

1. Everyone please wear a mask that covers your nose and mouth.
2. Please practice social distancing when at the school by keeping at least 6 feet between yourself and others.
3. Hand sanitizer dispensers are available for your use. Please sanitize your hands as you enter the facility.
4. Please avoid shaking hands.
5. Surfaces in training rooms are cleaned before and after classes.
6. If you have a fever, cough, or any other COVID 19 symptoms, have traveled out of state, been on a cruise, or traveled internationally at least 14 days before the start of your Class or Day School Session, *please postpone coming to class or to school.*
7. The size of your class will determine if you are able to bring additional family members with you.

Thank you for your patience, love and understanding. Stay safe everyone.
