EASYON

Gutterguard by Gutterglove™

The Nation's **Most Trusted** Gutter Guards™

25 Year

Limited Parts Warranty

Gutterglove, Inc. (herein referred to as *GGI*) warrants to the original purchaser that its specially designed EasyOn Gutterguard will be free from defects in manufactured parts and agrees that it will, at its option only, either repair the defect or replace the defective part thereof with a new or reconditioned equivalent. This Limited Warranty is valid for 25 (twenty-five) years for parts only and does not include cost of labor for re-installation. In coastal areas, warranty is reduced to 5 (five) years for parts only. "Coastal areas" is defined as anywhere within 5 (five) miles of the coast. Shipping costs will be absorbed by the purchaser of EasyOn Gutterguard. The above named item is subject to the following terms and conditions. No other warranty is expressed or implied in this Limited Warranty.

Coverage Exclusions and Limitations: The above mentioned warranties are void if any of the following conditions occur: Improper installation; Settlement of building structure; Structural shrinkage or distortion of structure (*Example: warping of roof or gutter over time, etc.*); Vandalism; Hail; Fire; Tornado; Windstorm; Earthquakes; Lightning; Protective liquids or any type of roof preservation product applied to roof tops to extend the life of a roof; Maintenance procedures are not followed properly; Tree sapping on mesh; Insect/bird droppings on mesh; Accidental damage; Acts of God; Misuse or abuse of the gutter guard; Mildew accumulation; Paint overspray; Moss accumulation; Impact of foreign objects; Caustic atmospheric conditions (*Example: Acid rain, harmful chemicals, salt spray, etc.*) or any other causes beyond the control of GGI. It is the owner's(s) responsibility to unclog the mesh in the event it gets clogged. Icicles can form, and ice can form on top of EasyOn Gutterguard in extreme cold weather where snow is present.

GGI's obligation under this warranty shall at no time exceed the original purchase price of this product at time of sale, but not for installation or re-installation costs. This warranty covers only EasyOn Gutterguard and does not cover the gutter or any part of the building structure.

GGI reserves the right to withdraw this warranty from the market at any time. Any and all warranties in effect at the time of removal will not be affected by the withdrawal and will remain in effect until their expiration. This warranty is non-transferrable.

GGI will not be liable to you or any subsequent owner's(s) for a breach of any written or oral express warranties, such as those given to you by a contractor, sub-contractor or installer. Any implied warranties imposed by law, such as the implied warranties of merchantability and fitness for a particular purpose are limited in time to the duration of this express warranty. GGI shall not be liable for any consequential damages for breach of any express, written, oral, or implied warranty on any EasyOn Gutterguard. Your exclusive remedy shall be repair or replacement solely at GGI's option, only on terms stated in the warranties.

Activation of Warranty: This warranty becomes effective at time of purchase. Retain this document with original purchase receipt. Failure to do so will render this warranty null and void.

Claims Procedure: Any claim made hereunder must be presented to GGI within the warranty period within a reasonable period of time after discovering the defect. The claim should make reference to original date of installation, the purchaser's name, address, phone number and a copy of the original receipt.

Maintaining Your Gutter Guards

"The best part is that the manufacturer [Gutterglove, Inc.] actually tells the truth. It tells homeowners that they will periodically have to clean dried organic debris from the top of the gutter guard." - The Washington Post

How to keep your gutter guards at peak performance.

Your new gutter guards are designed to be easy to maintain. Follow the tips below for easy maintenance.

1. Periodically inspect your gutter guards for any debris that may not have completely blown off, particularly where two sections of roof come together (valley) or in areas that are protected from wind.
2. Brush off any accumulated debris. We created "The Gutter Guard Brush" for just this purpose. Screw the brush on the end of an extension pole, then from the ground, reach up and brush the debris off. Be sure to wear protective eye wear.
3. For more information visit: TheGutterGuardBrush.com.***

***Patents pending

What to consider if you notice rainwater flowing over the front of your gutter.

1. Look on top of the gutter guards and see if there is any debris on them. Follow the maintenance instructions above to remove the debris.
2. Confirm there is no gap between the front edge of the gutter guards and the front lip of the gutter. Be sure that the trough at the front edge of the mesh is below the front lip of the gutter. Make small adjustments to the gutter guards per the recommended installation to correct this. (Contact us at customerservice@gutterglove.com for further details.)
3. If the overflow is occurring where two sections of the roof come together (valley), start by removing any accumulated debris. If there is still overflow, you may need a rainwater diverter. A rainwater diverter (see photos below) helps disperse rainwater over a wider area. The diverter is made out of an aluminum material, perforated with small round holes and attaches just above the mesh at the end of your roof valley or other high-flow areas of your roof. You can get more information including purchasing details at RainwaterDiverters.com.
