PFF Oline Rank #22 In 2019

The Cardinals struggled the first half go the season to allow running room for there running backs. As the season progressed, they began to get better in that department and gave Kyler Murray time to work. In 2018 this line was in shambles, but that not what I saw in 2019. They began to gel as a unit, and if that continues, the line is capable of keeping Kyler upright and allowing this offense to move as it's intended to under Kliff Kingsberry.
