

Building Manager

We are looking for a member with more than one year of sobriety who can ensure that all appliance and building maintenance will be completed when needed. We will provide you with a spreadsheet of what needs maintenance, when it needs to be completed, and who should be called to complete it.

This is an extremely important job as our building is our most valuable asset as a non profit; and if there's no building, there's no meetings. Please consider taking this job on. You won't be alone, we are all here to help.

Please be our service, today!

Contact any Steering Committee member (info is on the About the Fellowship page of website) or email us at admin@aamokenafellowship.org.
