

MESSIAH TEXAS MONTHLY

Volume I Issue I

July 2020

WOW .. What a Week!!!

Jeremiah 33:3 says - "Call to Me, and I will answer and show you great and unsearchable things you do not know."

This verse became true at Messiah Texas Summer 2020. Yahweh showed up in ways we could never have even imagined. Physically healed- 26 accounts,

delivered from demonic oppression / possession - 14, called to full time ministry - 3, rededicated to Yeshua - 28, BORN AGAIN- 13. These numbers are great to see and share but can not even begin to see or describe what The Father did this week. WOW! keeps rolling off our tongues for lack of words. The Holy Spirit just showed up in so much **POWER** and in so many various ways, that a book would not do it justice. Our prayer is that the ripples from this week last a lifetime.

The Next Level

At Summer Camp our team was shown that Yahweh has so much more planned for Messiah Texas than we had ever dreamed. But in order for us to get to this

next level, He is showing us we are going to need some big time support. So if you are interested in helping Messiah Texas in prayer, giving, or publicity please go to messiahtexas.com for more information.

Testimony Tidbit

*I had definite ideas about religion and faith before camp. I thought following God, in the ways that pleased Him, was very restrictive because all the rules that I had to follow. I figured I would follow my own plan before I followed His plan. At camp, I realized there were things in my life that caused me turmoil & pain because I was determined to follow my path rather than His. I came to the realization that I wasn't moving forward, I was sinking. That night when I felt the "Boom" it was the first time I felt like I wasn't sinking. I knew God has a calling on my life that was far better than what I could imagine. I knew that I could trust my Heavenly Father with my messy life. He could provide a better path for me that would bring glory to His name and His Kingdom while providing me peace. Now, I'm not seeking comfort from temporary things that make me "feel" good in the moment, but rather I know He is there to always comfort me. His ways make my path straight. I don't know where I'm going yet, but this a journey not just a destination. *A shout out to my big brother bear for helping me that night and being there for me.*

- Brighten Bearden

13 year old first time Messiah Texas Camper

Winter Camp 2021

Winter Camp is going to "Be Incredible" We are finishing setting up registration and will launch it in August.
