

ALUMINIUM BI-FOLDING SLIDING DOORS

This is the area where everyone can get creative, as there are no limits to the design possibilities. **Inward, outward opening, rail bottom or top-** it makes no difference. Ideas here are endless.

Easy to operate thanks to ball-bearing raced roller and folding hinges. Wide range of colours is also available.

ALUMINIUM SLIDING PATIO DOORS

With large opening sizes results in large natural light flow. The versatility of the system allows various options for opening types, all sliding or fixed. From 2 to 5 panes.
