

### We're excited to partner with you!

You want your customers to have the best possible travel experience. However, because there are so many variables you can't control for them, you've chosen to partner with Allianz Global Assistance to help smooth out those bumps. In return for that trust, we want to show you exactly how we can help you sell travel insurance and build your business!

So let's get started:

1. First, here's your Allianz Global Assistance account number or **ACCAM: F208925**. Please share this number with your agents. It will be used to track your agency's sales, to allow you to access a variety of online resources at AgentMaxOnline.com (see below) and much more.
2. Next click on <http://www.agentmaxonline.com> and bookmark it for easy reference when you need it later.
  - Start by clicking 'Create New Account'
  - Enter your email address and ACCAM number in the corresponding fields.
  - Click the "Verify" button to confirm the information you provided.
  - You will receive an email from [agencyervices@allianzassistance.com](mailto:agencyervices@allianzassistance.com).
  - Click the "Verify" button within the above email.

### Once you're in you have access to:

- **QuoteMax, a quoting tool** that connects your website to our website, mapping a direct route to sales (your ACCAM is embedded to ensure these sales are credited to your agency).
- **Plan brochures**, which can be ordered with the click of a button and customized with your agency's name and logo.
- **Reporting, Product Recommendations, Agent Tips, Second-chance selling through MaxMail** and more! [Click here](#) to learn more.
