Dedicated to our Skin, our Spirit, our Earth • Take it for Granite!™

SoapRocks® Brand, Bath Soaps, Proudly Hand Crafted in the USA since 1991

Since nature cleanses best, we decided to return to the source. Our unique blends of organic herbal extracts, nourishing vegetable oils, vitamins and minerals, from aquatic, botanical, and terrestrial sources, come together as never before, in the gentle, biodegradable bases of SoapRocks®

SoapRocks show their true colors in water. Beautifully mild and extra long-lasting, in daily use at the sink, SoapRocks are designed to cleanse while preserving your skin's precious oils. Luxurious in the bath or shower, many fans say they use the generous lather of SoapRocks® as a moisturizing shaving cream, volumizing shampoo, and gentle make-up remover. Many find when they use SoapRocks, there is no need for additional moisturizers.

Over 180 steps go into making each SoapRock. Each hand sculpted bar will vary in shape and texture to reflect nature's diverse beauty.

As they gently cleanse, SoapRocks weather away like a stream stone in geologic time, ever so slowly, exposing the beauty locked away within.

Set SoapRocks on a well draining soap dish between washings, and they should retain their beauty for the life of the bar.

SoapRocks® are gentle for sensitive skin:

A hybrid vegetable glycerin soap, infused with extracts of earth

Organic Extracts: Aloe, Chamomile, Calendula, Lavender.

Organic Oils: Almond, Jojoba, Olive.

Chlorophyll, Light Fragrance, Essential Oils, Mineral Earth, Muscovite.

SIZE KEY

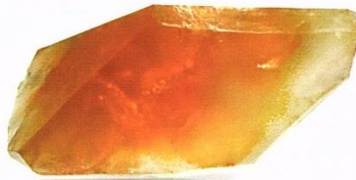

All images are unique, hand crafted SoapRocks® (6 oz), sculptural representations of gemstones, in fine vegetable glycerine soap. Each image represents a variety we create each day in our studio, in upstate New York, in the large SoapRock size. Shapes, colors, and textures, may vary with each gem, though weights should be at least 6 oz.
