

Seamlessly connect your computer, desk phone, and mobile phone using NEC Univerge Blue

Keep Your Files Safe

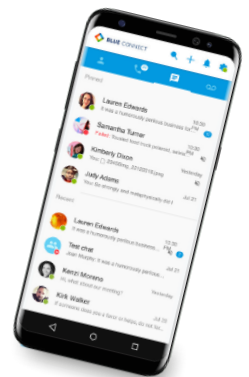

Protect documents from hacking, Ransomware, and human error

- **Turn back the clock** to retrieve all data existing before a Ransomware attack.
- The cloud is a reliable backup if your server is somehow destroyed. We *do* live in a natural disaster zone!
- Features HIPAA compliance and *BitDefender* for malware-protection
- Account-level encryption
- Your designated administrator can remotely wipe certain data
- Option for a document-access password in SHARE mobile app
 - Automatic backup can be done through *File Syncing Mode* (simultaneously on both devices) or through *File Streaming Mode* (through the cloud until accessed/downloaded)

Work Remotely

- ‘Follow me’ function can allow both mobile and work phones ring simultaneously
 - Schedule silent mode
 - Select notification preferences
 - Sync contacts
- “Call flip” lets you **switch seamlessly** between your desk and mobile phone mid-call
- 200 free conference call minutes (up to 200 people) with Univerge CONNECT
- **Mobile apps** for iOS (Apple) and Android to meet, message, and share files
- Send SMS messages without revealing your personal number

Stay Top-Notch

- **Voicemail transcription** & notification
- See chronological file edits under ‘Activity Feed’ in the SHARE mobile app
- Can organize files into folders on the SHARE app; **Offline mode available**
- Find accidentally deleted files on the ‘Show Deleted’ button online ... and more
