

Back Inside for Worship

Please contact the leaders if you have any questions

This is our last Sunday outside. Next Sunday we plan to worship at 10:30 a.m. inside with the following adjustments.

We will have the entire building cleaned with the recommended cleaning solutions from the Center for Disease Control and Prevention.

We will arrange seating to allow for social distancing.

We will only have worship service. We will wait to begin Children's Church, Adult Sunday School, Youth Group and Children's Sunday School.

The Connection Café will not be open. We won't have snacks or coffee, but you may bring your own.

We will not have the "greet one another" time in worship. You may wave, fist bump, elbow bump but please don't hug anyone!

We will have a special entrance for those that would like to enter separately. This will be the side door to the left of the platform.

We will provide masks for those that wish to wear one during the worship service.

We will have an offering basket on the table at the exit of the church to reduce contact.

If you are uncomfortable going inside, we completely respect your decision. We will continue to stream the worship live on Facebook.
