## **What our guests are saying:**

*"The camaraderie, fun and knowledge gained was only surpassed by the excellent wines and people from the wineries that we were so privileged to meet and spend time with. A trip not to be missed"*  
Kim O.

*"World Palate Tours are truly amazing!! Everything is top of the line and very well organized. It is wonderful to show up for the start of the tour and have nothing to worry about until it comes to an end. Best way to tour wine regions I have ever seen"* Jim F.

*"Fabulous trip! Michael Bigattini and Linda Evasiuk are outstanding hosts, very well organized and able to arrange tours of all the top wineries. The sights, smells and tastings were all amazing - I don't have a highlight as it was all truly special."* Dave B.

*"Being part of the Tuscany trip gave me the opportunity to enjoy tasting the best wines from the cellars we visited. Meeting each host family and sharing their history and favourite food of the region was a memorable experience for me. Stopping at the oldest butcher shop in the Sienna region was also a highlight."* Gail F.

*"I have been on two World Palate Tours and I can truly say they were nothing short of outstanding. Every detail was looked after and everywhere we went, we were treated like royalty, not to mention having Michael Bigattini, the living wine encyclopedia, lead us through not only the wine, but the history of each place we visited. This is a "can't miss adventure" for anyone who loves wine."* Kevin S.
