Foodservice  
Technologies

A BERKSHIRE HATHAWAY COMPANY

# The food industry is constantly changing.

Flavors and forms. Ingredients and techniques. Consumer food preferences are a moving target. Adapting requires a dependable, nimble equipment partner who can evolve with your needs and help you create what's next for your business.

Marmon Foodservice Technologies is an industry leading global manufacturer of premium commercial food and beverage equipment and supplies. With a longstanding, successful history in foodservice as well as worldwide product reach, Marmon Foodservice Technologies has built trusted partnerships with top brands, distributor partners, and business owners.

**MARMON**  
Foodservice  
Technologies

A BERKSHIRE HATHAWAY COMPANY

Our strong portfolio of food and beverage equipment brands have a combined history of over 300 years in the foodservice industry. Consistently recognized for our technological advancements and innovative solutions, we offer decades of expertise to help solve our partners' most pressing challenges.

## TRUST

Our legacy of quality and safety makes Marmon Foodservice Technologies the trusted choice for brands across the foodservice industry.

- Over 300 years foodservice experience
- Long-standing and awarded customer relationships
- Tested to receive the most stringent certifications
- Owned by Marmon Holdings, Inc, which is wholly owned by Berkshire Hathaway Inc.

## SIMPLICITY

One point of contact provides access to our brands in multiple categories.

- Multi-category expertise from one source
- Product bundling across brands creates better pricing
- Global footprint and infrastructure results in consistent solutions

## EXPERTISE

Our product, consumer, and market knowledge creates best-in-class support.

- Decades of subject matter expertise across categories and services
- Industry leaders in FOH and BOH integration
- Global presence provides extensive access to market research

## STEWARDSHIP

We help manage your budget with innovations that save time and money.

- Real-time data reduces waste and downtime
- Improved speed to serve
- Increased accuracy, quality, and consistency
- Lowest cost of ownership

## PARTNERSHIP

We are invested in your success—for the long term.

- Foster collaborative, long-standing relationships
- Align and focus our resources on your priorities
- Design equipment that improves your customer engagement
- Meet your revenue goals on time and in full
