Kids School

Admission Open

Our Programs

Our programs are majorly highly designed with a strong focus to enrich our GURU KALAM'S thought of igniting and inspiring young minds.

Play Group

The program enables the relationship between child and the caretaker through various activities which will help toddlers to interact with their peers and get along in a pre-school

Age 2 to 2.5 years

Nursery

The program will provide the kids to have an early exposure with regards to school readiness activities. These include reading, writing, colouring, number identification, colour identification etc.,

Age 2.5 to 3.5 years

Junior KG

The program familiarises children with necessary skills and concepts such as the alphabet, numbers and social skills. Special emphasis is laid on basic math and science since they play a vital role in strengthening and understanding the basics on numbers and the environment.

Age 3.5 to 4.5 years

Senior KG

The program is designed to help children make use of their skills to understand and implement complex concepts. Also for senior kindergarten categories, we equip and train our young minds for a lifetime adventure in getting to know new and interesting things and get imbibed into the overall process of experiential learning.

Age 4.5 to 5.5 years
