

Shiney Lucky Fob

Shiney Lucky Fob

Materials for:

Shamrock Charm

- 3 10mm Heart Glass Beads
- 9 Size 11/0 Seed Bead
- 5 Size 8/0 Seed Bead
- 14 Inches 28 gauge Wire

Tools:

- 1 Bead Mat
- 1 Chain Nose Pliers
- 1 Wire Cutters
- 1 Round Nose Pliers

Instructions by Joyce Trowbridge

Fob

- 13 Beads in mix of Crystal and Czech Glass
- 1-3 3mm Metal Beads
- 10-12 inches Decorative Chain in several styles
- 1 Metal Cone
- 1 Large Lobster Claw
- 1 Large Oval Jump Ring
- 3 Feet 24 gauge Wire

Shamrock Charm

Step 1

On a 14 inch piece of wire add 7 11/0

Seed Beads.

Bring both ends together allowing Seed Beads to slide to middle of wire.

With both ends together, string through the top of a Heart Bead. Separate wires.

Step 2

String one wire end through bottom of **one Heart** and **one 11/0 Seed Bead**. Skip Seed Bead and string through top of same Heart Bead. Repeat for other wire end.

Step 3 Cross both wire ends through **one 8/0 Seed Bead**.

Step 4 String 4 8/0 Seed Beads onto both wire ends together. Skip last Seed Bead and string up through next 3 Seed Beads.

Step 5 With both wire ends together, wrap under then over and back under around left heart petal between Heart Bead and 8/0 Seed Bead.

Repeat for Center and Right Heart petals.

Wrap around Seed Bead stem.

Cut off extra wire. Use Chain Nose pliers to tuck in ends.

Front

Back

Fob Dangles

Dangle 1

A. Start a coiled loop on one end of a piece of wire. Attach to the loop of the Shamrock Charm. Finish the coiled loop. Trim wire.

B. String **one Bead**. Start a coiled loop above the Bead. Attach to the end of Chain. Finish the coiled loop.

C. Bring wire around the Bead and wrap over the first coils. Trim wire.

D. Open loop on Leaf Charm. Attach to the other end of Chain. Close loop.

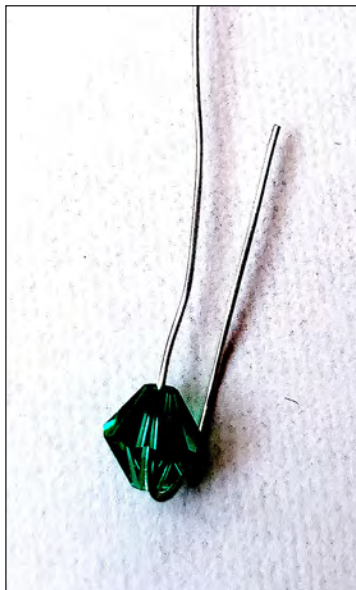

Dangle 2

A. Make a tight bend about 1½ inches from one end of wire. Slide **one Bead** onto the long end of the wire.

B. Wrap the short end around the long end above the bead. Trim wire.

C. Start a coiled loop above the wraps and bead.

D. Attach to one end of the chain. Finish coiled loop. Trim wire.

This is the method of attaching beads in the rest of the Dangles.

Dangle 3

A. Using same method in Dangle 2, attach **one Bead** to bottom link of the Chain.

B. Attach next bead to 4th link from bottom of the Chain.

C. Attach next Bead to the 6th link from bottom of the Chain.

D. Attach next Bead to the 8th link from bottom of the Chain.

Step 4

Attach **one Bead** to bottom link of the Chain.

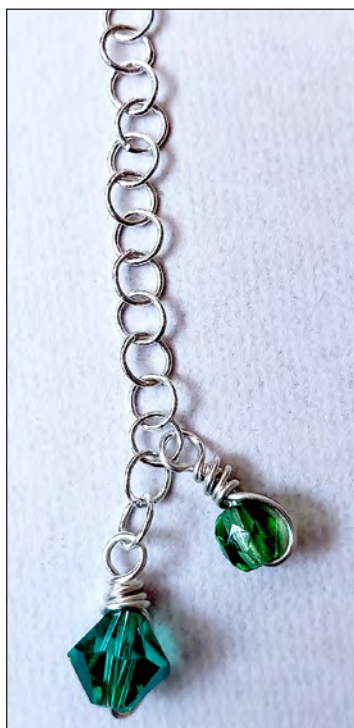

Dangle 5

A. Attach Bead to bottom link of the Chain.

B. Attach Bead to 3rd link of the Chain.

C. Attach Bead to 5th link of the Chain.

Dangle 6

Attach **one Bead** to bottom link of the Chain.

Fob Assembly

Step 1

String Dangle 1 by bringing wire through the 4th link of the Chain from the Shamrock Charm.

Step 2

Onto the right side of Dangle 1, string wire through the top Chain links of Dangle 2 and Dangle 3.

Step 3

Onto the left side of Dangle 1, string wire through the top chain links of Dangle 4, Dangle 5, and Dangle 6.

Step 4

Cross wire ends to form a fairly large loop. Wrap one wire end around the other then trim.

Step 5

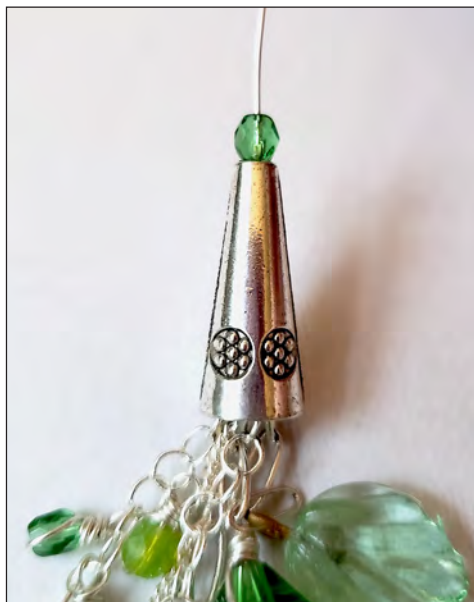

String **one Metal Bead.**

Step 6

String **one Cone and one Bead.**

Note: May need to add 1 or 2 more metal beads to fit inside cone depending on the loop size. Loop should just be covered by the cone so the Dangles dangle nicely

Step 7

Make a coiled loop above the bead.

Step 8

Use an **Oval Jump Ring** to attach the **Lobster Claw** to the loop above the cone.
