

Mission Statement

The Voices of Truth Corporation was organized exclusively for charitable, religious, and educational purposes. We strive to prevent and break the cycle of domestic violence in our community by providing educational services, collaboration and resources. We promote the importance of self-worth, self-empowerment and dignity. Through collaboration with individuals and organizations we aim to increase and intensify public awareness about this pervasive health risk in our midst. We envision Gardner with a strong local network of individuals and businesses dedicated and proactive toward making our City a Safer Place by greatly reducing incidents of domestic abuse.
