Pick It, Pluck It, Pack It – Plant It Again. Sounds like an Ad for the lottery, but luck has nothing to do with it! Choosing the right plant, in the right form, transporting it properly, and planting it correctly are critical skills even the newest staff member can master once they’ve got the ticket!

Wednesday, March 17, 2021

Karen Carrier

The Home Turf Advantage – Learn, Grow, Evaluate and Repeat! Are you listening to your lawns? Explore the practices and tools that will assist you in achieving the lawns of your dreams, while also developing healthy turf as nature intended. It all starts with examining the soils, recommending practices, and then topping it off with professional, cutting edge service.

Thursday, March 18, 2021

Karen Carrier

Don’t be Caught with Your Plants Down! Every path can have its obstacles, but never throw in the trowel. Maintaining plant material can sometimes seem like trial and error, but as the garden grows, so does the gardener. Join us as we assess and understand the management techniques that will best prepare your softscape crews to bring the landscape to life.
