

RV Park Growth in Burnett County

Burnett County is home to 27 “campgrounds.” Most of these are actually RV parks, hosting park models with sheds, decks and storage areas – and that require *annual contracts*. In 2015, there were **1,100 spots** available. Since then, **5 new RV parks** and **expansions** at existing “campgrounds” have resulted in more than **1,800 spots available – an increase of 60%**. Meanwhile, 2020 saw a loss of 25 overnight campground units – with more losses to come.

“Campgrounds” with:

101+ sites

76-100 sites

51-75 sites

1-50 sites

Overnight tents and campers

CUPs, or Conditional Use Permits are how developers get around zoning laws that would otherwise deny them access to certain areas.

Since last fall, 2 CUPs have been denied, 2 approved.
