

Curie Learning Program

For us, education is not a business.
It is a passion and commitment to help each child reach optimum potential.

The Curie Learning program is planned and run by an educator with more than 40 years of experience. Ongoing and future success critically depends on a strong foundation in early Elementary School and Middle School years.

We offer the best Math and English programs available in the region for K-12 students.

176 Students coached by Curie Learning are attending the 2020-2021 Freshman Class at Thomas Jefferson High School for Science and Technology, and at the Academies of Loudoun.

Online Entrance Exam is mandatory for all 7th Grade students who want to join Curie Signature Advanced Academic Preparation classes. For the entrance exam and registration information, please visit our website www.curielearning.com or send an e-mail to curielearning@gmail.com.

All classes will be on ZOOM until further notice. There is a reduced tuition fee for all classes until classes start in the usual, in-person classroom setting. We also offer PSAT/SAT/ACT Coaching and Writing classes for High-school students, and many other courses for students of many levels.

2021 January Admissions Open Now for NEW students!

Level 7 Program

Curie's Signature Advanced Academic Preparation Program For 7th & 8th Graders

This program incorporates high-level coursework in math, English, writing, science and critical thinking with a focus on preparation for success in high school and college. This program will prepare students not only to pass any test for admission into specialized programs like ACL and TJ, but also to succeed and even thrive in high school and later in College.

Classes start from Monday, Jan. 4th, 2021.

New students need to take an online evaluation test to be accepted into this program.

****Continuing students from September 2020 do not need to re-enroll; to continue, please submit the second semester's payment as per the September schedule.**

Link for the Enrollment form: <https://forms.gle/epDyqTPbUwk7QtVE6>

Two Semesters: Jan. 2021 – Jan. 2022

Semester 1: ~~\$2,000~~ \$1850

Jan. 4th, 2021 – June 23rd, 2021

7 Classes/Month} +6 Extra classes

Summer Break: Jun. 23rd, 2021 – Jul 7th, 2021

Semester 2: \$1700

July. 8th, 2021 - Dec. 2021

12-16 Classes/Month in Summer

Level 7 Schedule:

WEEKLY CLASSES: Also several extra classes will be conducted during summer.

Monday	6:30 pm – 8:45 pm	at S. Riding	Saturday	11:30 am – 1:45 pm	at Fairfax
Tuesday	6:30 pm – 8:45 pm	at Ashburn	Saturday	11:30 am – 1:45 pm	at Ashburn
Thursday	6:30 pm – 8:45 pm	at South Riding	Sunday	9:00 am – 11:15 pm	at Herndon
Friday	6:30 pm – 8:45 pm	at South Riding			

ALTERNATE SUNDAY WRITING, SCIENCE & Critical Thinking CLASSES:

[In addition to the weekday evening/weekend classes given above.]

For South Riding & Ashburn Students: Begins January 17th, 2021

Alternate Sundays: *5:30pm-7:45 pm (South Riding & Ashburn students)

For Fairfax & Herndon Students: Begins January 24th, 2021

Alternate Sundays: *5:30 pm - 7:45 pm (Herndon & Fairfax students)

THREE-ON-ONE TUTORING (Begins February 1st):

To better prepare for writing persuasive essays and student information sheet (SIS), every student gets a 60 min. three-on-one appointment with a writing expert once per month.

For 3-on-1 tutoring, you will get an email with further information regarding how to sign up with a tutor.

****When you register for a weekly class, you are automatically enrolled for the alternate Sunday writing classes and 3-on-1 tutoring.**

Link for the Level 7 Enrollment form: <https://forms.gle/epDyqTPbUwk7QtVE6>

Curie Learning 2020-2021

Academic Schedule

The classes begin in September and go throughout the academic year. After taking the placement test, new students are welcome to join anytime with the understanding that they will not have access to the material they missed. We will provide a list of what was already covered in the class. We find that most students who understand most of the concepts missed are able to succeed in the class from the point that they join.

Level 6 : Math and English Supplementary Instruction

Extra classes will be held outside of regular classroom hours for IOWA and MATH 7 SOL Preparation at no extra cost

Two Installments: Sept. 2020 – June. 2021 (Maximum: 30 students/class)

1: ~~\$1200~~ \$1,100 (Aug. 2020 – Jan. 2021) 2: ~~\$1200~~ \$1,100 (Feb. 2021 - June 2021)

STEM COURSES

Learning Physics Concepts with Simulations II

(continuation of Learning Physics Concepts with Simulations I taught during summer of 2020)

Rising 7th & 8th Graders

Important physics concepts will be taught and to strengthen the understanding of these physics concepts, we'll use computer simulations to collect data, discover patterns, and analyze the findings. The plan is to delve more deeply into forces, learn about momentum and energy, study circular motion, and examine gravitation and orbits. We will learn how to land a rocket on the Moon and why the International Space Station does not fall down on the Earth. The course is taught by Dr. Anna Wyczalkowski who has been a physics and astronomy professor at the George Mason University for the past 20 years.

\$395 (12 classes)

Online: Friday 6:30pm–8:30pm. September 11th - December 4th

Link for the Enrollment form: <https://forms.gle/MzFj9SF83utxwPVY7>
